

SmarTone Launches Upgraded "Mainland China & HK 1 Card 2 Numbers"

Enjoy \$0 Charges, Free Text Messages and Voice Minutes with Designated 5G Service Plans

(Hong Kong, 23 April 2024) SmarTone has launched the upgraded "Mainland China & HK 1 Card 2 Numbers" service, capitalising on the growing trend of Hong Kong residents travelling and spending up north by providing seamless connectivity even across the border. Without the hassle of changing SIM cards, configuring settings, or using a separate application, the upgraded service offers a more convenient communication experience for customers who frequently travel between Hong Kong and Mainland China.

Customers can visit SmarTone stores to subscribe to² the Upgraded "Mainland China & HK 1 Number 2 Cards", which comes with an array of limited time offers, including:

- FREE 10 Mainland SMS per month
- FREE 15 Mainland voice minutes per month, enjoy a special rate of \$1.3/min thereafter (original: \$15.13/min)
- Auto number switching, no call forwarding or SIM swaps needed
- Make/receive calls, send/receive SMS on both numbers in every part of the world
- Open bank accounts and access mobile payment apps on the Mainland easily
- Call taxis and order takeaways conveniently
- VoLTE technology brings you high-quality voice calls

Selected customers who subscribe/renew/upgrade to \$298 or above 5G monthly plans³ are entitled to Mainland China & Macau data. Additionally, they can enjoy the Upgraded "Mainland China & HK 1 Card 2 Numbers" value-added service (value: \$48/month) for free during the contract period. Existing customers can subscribe to this upgraded service at a discounted price of \$28/month.
