

## **SmarTone and YAS MicroInsurance Jointly Launch Roaming Data and Travel Insurance Special Offers**

**(Hong Kong, 2 March 2023)** Following the resumption of normal travel, many Hong Kong people are planning overseas trips. To meet these travellers' needs, SmarTone and YAS MicroInsurance are jointly launching limited time offers on SmarTone's roaming data services and "FLY" travel insurance.

From today until 14 March, SmarTone customers can enjoy a 30% discount on "FLY" travel insurance. When purchasing a "FLY" insurance policy, customers will also receive one additional day of free service for SmarTone's "Multi-Day Roaming Data Pack".

SmarTone now provides roaming data services in over 60 countries and regions worldwide, partnering with reputable local operators to ensure a reliable and high-quality network experience. Recently, SmarTone launched its "Multi-Day Roaming Data Pack" (available in 7-day and 14-day options). Customers can enjoy unlimited roaming data starting at \$23/day, enabling them to go online instantly upon arrival without changing SIMs. Any remaining days from a pack can be rolled over for their next trip within one year.

Through YAS MicroInsurance, Hong Kong people can purchase a wide variety of coverage online or in-app, including travel insurance, ride insurance, cycling insurance, running insurance, and pet insurance. Even better, applications only take three minutes to complete. To fully serve the needs of people in Hong Kong, YAS MicroInsurance also collaborates with various partners to offer exclusive discounts to its users, which further enriches the customer experience.
